Dear parents, carers and friends of St Michael's,

Last week was a difficult week for all in our community with the passing of Jaiden Brooks. We very much keep Jaiden’s parents, his sister Alyssia, their family and friends in our prayers as they come to terms with this great loss.

I have had a number of conversations with our students around Jaiden’s passing and encouraged them to understand that our God is a God of love. At these tough times, it is not unusual for people to ask, “Why would God do this?” and “How can God let bad things happen to good people?”. Our God isn’t a god of predestination ie. God isn’t sitting back behind some great cosmic computer causing accidents, natural disasters or diseases. God is not trying to teach us lessons through causing the suffering of good people, even though there are many lessons that we ourselves should still learn about love, compassion and the gift of life. We have been given free will on earth, accidents will happen, bad people will do evil things, and disease and sickness are part of life. This is why having faith in our God is compared in the Bible with being “tested like gold in the fire.”

I once had a priest speak to me about his image of God as being like the father in the story of the prodigal son, who has his arms outstretched and was always willing to welcome his children in love, compassion and forgiveness.

I am very appreciative of the efforts of so many in our community, especially our counsellors, Dr Jeff Kemp and Mrs Heather Clark who led a counselling team in supporting our community and Jaiden's family through this tragic event. I would also like to acknowledge the additional counsellors provided by Brisbane Catholic Education and our local Catholic schools for their wonderful support.

Thank you to all of the wonderful St Michael's students, staff and parents who came along to support Jaiden’s beautiful send off on Saturday. Your presence meant a lot to Jaiden’s family. Thanks to our College Captains, Georgia and Harry for reading, all who helped with making and passing around the green ribbons and all who took part in our guard of honour. Thank you St Michael’s for being such a beautifully caring and compassionate community.

In the coming weeks, we will invite Jaiden’s family back when we add his name to our St Michael’s memorial wall.

This Friday, we will commemorate ANZAC day as a community. Of course, the horror of wars can also cause people to question God’s existence and plan for us. At our service, we will remember the great sacrifice of so many. This year, weather permitting, we will be able to use our new flag pole for our service. We have purchased a New Zealand flag so that we can now recognise the contributions of our entire ANZAC community.

Parents and carers will note that along with our new flagpole, we have also added a few other improvements to our streetscape including:

• updating the broken old school motto on the front fence with our current motto and symbol.
• flying our new College flag over the chapel.
• a new statue of St Michael to welcome people to the College. We are still saving up for a future large St Michael statue and sacred space within the College.

Parents and Friends Presentation – Behaviour Support Framework
At the P&F meeting on Tuesday May 3 at 7pm, I will be presenting on our College Behaviour Framework. The initiative to have various dimensions of College life presented and discussed was recommended by the P & F Committee members. Earlier this year, parents had the opportunity to hear about the mechanisms that drive our Learning and Teaching Framework from our Assistant Principal Curriculum, Mrs Kathryn Janovsky. The parents in attendance were very grateful to gain insights into the learning and teaching dimension of our College.

Therefore I would welcome parents to come along to the College to hear about our Behaviour Support Framework and the aspects of our day to day operations to ensure that quality Pastoral Care is functional at all times in our community.

ANZAC Prayer Service
On Friday April 22 we will conduct our annual ANZAC Prayer Service. Now that the College has a new flag pole on the chapel lawn at the front of the College, we will gather as a community on the lawn facing the flag pole and the service will be led by our 232 Air Force Cadet Squadron students. This year, a student representative from each Pastoral class will be invited to lay a flower during the Laying of the Wreath ceremony at the foot of the flag pole. Mrs Narelle Flanagan our College Librarian is also organising display boards of War time memorabilia and photos of relatives that will be part of our service as well. We anticipate that the service will be very memorable and relevant for our students.

Best wishes to all families for the coming week.

Assistant Principal Religious Education...
The beginning of term two has been a time of mixed emotions for our College community. As well as the joy of the Easter season, we have had to come to terms with the sorrow of the loss of one of our year nine students, Jaiden Brooks in an accident on the weekend before school resumed. Early on the first day of the term, the College community gathered to thank God for the gift of Jaiden to our College community and to mourn his premature passing to eternal life.

I would like to share below one of the prayers for Jaiden from that Special Prayer assembly:

Eternal rest grant unto him, whose earthly life is past.
Let perpetual light shine down on him, may he rest in peace at last.
Eternal life grant unto him, whose laughter now we’ve lost,
Whose presence and smiles we miss but never mind the cost.

Eternal joy grant unto him, whose sufferings now are through,
His pain from injury finally gone, his mind and heart renew.

Eternal peace grant unto him,
Forgive him all his trespasses.
May he rest in peace forever.
Amen.
(adapted from In Loving Memory, Patrick Sayles, Columban Mission Society)

It trying to bring together the joy and hope of the Easter season with the reality of the sadness of this week, we can reflect on the words of Pope Francis.

Pope Francis reminds us in Lumen Fidei:

Faith is not a light, which scatters all our darkness, but a lamp, which guides our steps in the night and suffices for the journey. To those who suffer, God does not provide arguments, which explain everything; rather, his response is that of an accompanying presence, a history of goodness, which touches every story of suffering and opens up a ray of light.
Year 10 Excursion
Thursday, May 5, the Gold Coast Careers Expo is being held. All Year 10 students will be going to the Expo from 8.30 and will return to the College for sport Thursday afternoon. The purpose of the Expo is to provide up-to-date, relevant information about careers, courses and training options. It also helps to motivate attendees to make considered career decisions. Hopefully you have already received an email regarding attendance at the Expo.

By the end of this term, through the LEAP program, all Year 10 students will be required to determine their pathway through senior and the initial subject selections. In Week 3 of Term 3, you will be invited to attend a Senior Education and Training Plan interview with your son or daughter’s LEAP teacher, to discuss his/her SET plan. Students are commencing to develop their SET plan now. Please take the time to discuss these SET plans with your child.

Aside from providing this opportunity to students, I would encourage you to make time to go back after school to the Expo with your son or daughter, especially if there is indecision about his/her pathway through senior school. The Expo is open until 7pm.
Location: Convention Centre, RACV Royal Pines Resort, Ashmore.
Parking is free and there is no admission fee.

For more information on the Expo, follow the link to the following website:

Interim Reports
Students were issued with their interim reports at the end of term 1. In Pastoral Care this week, students were asked to reflect on their achievements and learning habits through reviewing their reports. Students should now have developed study goals for term 2. In order for them to develop the attributes of a self-directed and responsible learner, it is important that they discuss these goals with you. Please consult with your child about their goals for Term 2 and beyond.

Learning & Teaching Framework
Based on our vision for learning, aspiring to develop each individual’s potential to become a self-directed and responsible learner of the twenty-first century, the pedagogical principle featured in this newsletter aims to inspire our staff and students to be discoverers in their learning. The focus on inquiry-based learning using the TELSTAR model allows students to transfer skills from one subject to another. Students should be seeking answers to Big Questions in their units of study. Please ask your son or daughter, what Big Questions he/she is answering in their units of study. The TELSTAR model, based on going on a journey in learning, is outlined here:

Tune in: Tune in to student prior knowledge and enthuse student about the learning to occur.
Explore: Explore involves developing a BIG question that is connected and conceptual.
Look: Look for information that addresses the BIG question and focus questions developed from the Big question.
Sort: Sort the information gathered using thinking skills.
Test: Test: Does the information gathered answer the Big Question?
Act: Act: Does the student understand the range of actions that could be taken?
Reflect: Reflect: Reflect on the learning that has occurred. What progress has been made in learning?

At the recent launch, our Science Faculty Leader, Mrs Julie Miles explains here her faculty uses the TELSTAR inquiry model in developing units of study as shown here.
HOMEWORK CENTRE & CHILL ZONE

Now that term 1 reports have been issued, discussed and reflected upon, it is time to set goals for this term so that the end of semester report shows an improvement. One of the key ingredients for a successful report, is for students to ensure that all assignments are submitted fully completed and in a timely manner. Some students struggle with their time management and prioritising of their assignments. For Years 7 to 9 the Chill Zone in Home Ec 5 is the ideal place to go during lunch breaks on a Monday, Wednesday or Friday, for some extra assistance. Mr May and senior students will be available to assist students having difficulties in the Chill Zone sessions. The other assistance available for all year levels, is the Homework Club in the Library (Monday to Thursday) after school until 4pm. There are one or two of our dedicated learning support aides available during these times. Senior students will be rostered on Tuesdays to assist younger students as well. The most important habit is to commence the assignment the day it is received and do a little bit of it each day. Also a complete draft should be submitted (if drafts are permitted) as this maximises the feedback that can be given to the student. If a student only submits half the draft required then they are disadvantaging themselves on feedback on the remaining 50% of the draft they didn’t complete.

P & F News...

Working Bee
Saturday May 7  8:30am to 11:00am

Calling all volunteers to help spruce up the gardens of St Michael’s for our Open Morning. The P&F is holding the annual working bee and would love your help.

Bring your garden gloves, a rake or shovel.

P&F Meeting
Tuesday May 3, 7pm at the Main Office with our special guest speaker Stephen Eisenhuth. Mr Eisenhuth will be presenting on the College Behaviour Support Framework and its day to day operations for a quality Pastoral Care in our College.

Junior Boys State 20/20 Cricket Cup...

Week 1 term 2 saw St Michael’s junior boys play Emmanuel College in the Queensland state 20/20 cup knockout competition at Alan Nielsen Park Carrara. Luckily the rain from Tuesday did not affect the ground to any great extent.

I was very impressed with the way the boys bonded as a team, especially considering that many of them have never played together before. Plenty of positive encouragement and support for their teammates was evident especially when we were bowling and fielding. Both teams played well and the game was played in an excellent spirit.

Our boys played good, positive cricket and had their chances to win with some close decisions but missed opportunities that ultimately lead to the narrowest of defeats. It came down to the last over of the game with Emmanuel College hitting the winning runs with four balls to spare.

I would like to thank all students who took part as their attitude and commitment to today’s game was very much appreciated from a coaching perspective. They have learnt plenty from this narrow loss and hopefully this can be used to their advantage and further progress in this competition can be made next time.

Marshall Fenwick
20/20 Coach
SMC Inter-House Cross Country

Congratulations to Oxenham House who took out the Inter-House Cross Country Carnival. We had a hot day and finishers were excited to run under the “Weather Mister” finishing arch at the conclusion of their race.

A big congratulations to the Overall Junior and Senior Winners, along with all students who finished in the top 5 and have qualified for the District trials.

The Easter Hunt was a huge success, with all 60 chocolate Easter Eggs going within minutes. Every student was able to answer his or her quiz question without any problems, just showing what amazing Religious Education teachers we have here at St Michael’s.

If anyone is interested in competing in the 2016 International Poetry Writing Competition, please see Mrs Flanagan for details regarding this competition.

Please click on the following link to access our exciting selection of Latest Reads. As this is a protected site, students may need to login, using their network username and password. If you can’t find what you’re looking for here, why not access Best Reads Ever for the genre of your choice. This collection is updated weekly and allows students to search for new fiction and non-fiction of interest.

For our parents, our Book of the Week is entitled ‘The Girl Who Saved the King of Sweden’ by Jonas Jonasson, who also wrote ‘The Hundred-Year-Old Man Who Climbed Out the Window and Disappeared’. If you’re looking for something humorous, quirky and not too intense to read - this is it!

Nombeko Mayeki is on the run from the world’s most ruthless secret service - with three Chinese sisters, twins who are officially one person and an elderly potato farmer. Oh, and the fate of the King of Sweden - and the world - rests on her shoulders. Born in a Soweto shack in 1961, Nombeki is destined for a short, hard life. When she is run over by a drunken engineer, her luck changes. Alive, but blamed for the accident, she is sent to work for the driver - the brandy-soaked head of a project vital to South Africa’s security. Nombeko may be good at cleaning, but she’s amazing with numbers. The drunken engineer isn’t - and has made a big mistake - and only Nombeko knows about it.

Narelle Flanagan
Teacher Librarian
Hello from the Ministry Team at the start of Term 2.

We send our heart felt sympathy and prayers to Jaiden Brook’s family. We pray they may know something of God’s comfort, presence and strength at this tragic time and receive the support of friends, family and our College community.

During this difficult time there have been some new things happening around St Michael’s College. Ben Oram and I are opening our new Ministry Team office next week! It is located in the Science block, where we will be more accessible and present to students. The Ministry office aims to be a welcoming space for students to chat and hang out, to connect in with interesting Catholic youth events, social justice issues and resources and will be a space to hold small group meetings. The office will also offer a friendly space to support our Indigenous students and promote awareness of our local Indigenous culture, the Yugambeh and Kombumerri peoples. Please come and visit us and say hello!

The Catholic Committee are launching a new school Youth Group on Tuesday April 26. We aim to provide a friendly and fun space for students to explore living out their faith, social justice and to experience a faith based community. We will start meeting on Tuesday 3 – 4.30pm in K9 and then will meet on Mondays after school from May 9. All students welcome!

Last term we ended on a high with a great Year 12 Retreat. I want to thank the Liturgy Band, Alissa, Tyler, Lucky Jo, Braxton and Anthony who played in the Mass and helped lead songs on the Retreat – with many flocking fans! Well done!

**Campus Ministry...**

Hello from the Ministry Team at the start of Term 2.

St Michael’s College earns place on national music mentoring program

Students at St Michael’s College will soon come together to collaborate with some of Australia’s most successful musicians and producers, as part of SongMakers - a national mentoring program run by APRA AMCOS.

The school has been chosen to take part in the program, which is offered to a select 50 Australian schools each year.

The school will transform into a kind of creative hothouse for sixteen budding songwriters and producers. They will work over two intensive days with Award-winning mentors: writer/performer/producer, Grant Windsch (Guy Sebastian, BBC Orchestra, Carolie King, Jamie Cullum) and performer/writer, Tom Busby (Buddy Morris), to create and record new songs.

We are supported from the Australian Government, SongMakers is all about contemporary music and is aimed at nurturing the next generation of hitmakers – right there in the classroom.

Under the program, senior music students work closely with two high profile mentors - one artist and one producer - to create “market ready” music, against the clock, from scratch. The program is provided free to participating schools.

“We congratulate St Michael’s on securing a place on the program and can’t wait to hear the tracks that emerge from the workshop,” says Dean Ormston, APRA AMCOS head of Member Services Group.

“The great thing about this program is that it takes the real world into the classroom. For most of these students, this is a once-in-a-lifetime opportunity to collaborate with and learn from some of the biggest names in music. And because it’s so hands-on, it really fast-tracks students’ understanding of today’s contemporary music world and the steps needed for success.”

SongMakers 2016 marks the third year of the national program. Go to www.songmakers.com.au to hear some of the workshop songs and for information about the high profile mentors.

In addition to the 50 in-school workshops, SongMakers also provides free classroom support materials, aligned to the Australian Curriculum, to all Australian secondary schools. These can be accessed at www.songmakers.com.au/resources.

**For more information:** Tina Broad, project consultant, SongMakers, 0430 022 257.

---

**About APRA AMCOS:** APRA AMCOS is a non-profit member organisation with more than 87,000 members who are songwriters, composers and music publishers. APRA AMCOS licenses organisations to play, perform, copy, record or make available its members’ music. We then distribute the royalties paid under those licences to our members and affiliate societies. We run SongMakers with funding support from the Australian Government through the Ministry for the Arts and the Department of Education.
Any questions or information regarding any of the below, please do not hesitate to contact Student Services.

Michael Esdale  
Vocational Pathways and Career Coordinator

IMPORTANT UMAT 2016 DATES
Any students in year 12 who are considering a career in medicine, dentistry or optometry need to sit a compulsory entry exam known as UMAT (Undergraduate Medicine and Health Sciences Admission Test). Registrations are open now and close 3 June 2016 with the UMAT test being held on Wednesday 27 July 2016. Please apply to universities by the published deadline. If you are in year 10 or 11 start preparing today.

MEDENTRY UMAT PREPARATION
Students interested in pursuing medicine and other health courses need to sit the UMAT on 27 July 2016. MedEntry is a government accredited Registered Training Organisations specialising in UMAT preparation. MedEntry offers discounts of 30% for groups, and numerous scholarships. For more information, please visit www.MedEntry.edu.au.

BOND UNIVERSITY - RIGHT NOW PROGRAM
Listed below are the following opportunities at Bond University:

Allied Heath & Sports Science – Students in Year 11 and 12 who want to find out more about nutrition, sports science and physiotherapy are invited to attend Bond University Thursday, 28 April 2016.

Bond University’s Scholarship Program is now accepting applications from any Year 12 Student who excel in their, academic, community or sporting pursuits. Visit www.bond.edu.au/scholarships to find out more about the scholarships available.

Twilight Open Day will be held on Saturday, July 23 from 2.00pm – 6.00pm for any Year 12 Students who would like to start researching university options and experience Bond inside and outside of the classroom.

STUDY GOLD COAST
Study Gold Coast is excited to launch the 2016 Gold Coast Careers and Employment Festival from Tuesday 3 May – Friday 6 May, with the signature event, Gold Coast Careers Expo on Thursday 5th May. Any students interested in attending please see Mrs David/Mr Esdale in Student Services. Please note some of these events have registration deadlines so get in quick to make sure you don’t miss out.

AUSTRALIAN ONLINE MUSIC INSTITUTE – CERT II MUSIC
Any Students 14 years or older who are looking to expand their creative path with online study to gain their Cert II in Music are encouraged to apply. The next intake for the course ends on Monday 18 April. If interested please see Mrs David/Mr Esdale in Student Services for further information.
