Dear Parents, Carers and friends of St Michael’s

On Saturday, we held a very successful Open Morning for prospective families. I am extremely grateful to all of our staff and student helpers, P&F, cadets and all who came along or assisted in any way. So many of the prospective parents I spoke with, passed on their congratulations for the many wonderful displays and performances, and also said how impressed they were with our student leaders and helpers.

Over the next few weeks, we will be holding our interviews for our 2018 Year 7s. Please make sure that if you are looking to enrol a sibling for 2018, that you have your enrolment forms in before this Friday May 20. After this, we may not be able to honour the enrolment preference for siblings of current students.

All prospective parents are to be reminded of our Year 7, 2018 Information Evening, Tuesday May 17 from 7pm - 8pm. It will be held in our Multi Purpose Centre (MPC) and all families are invited to attend.

It is gratifying that so many families want to be part of our St Michael’s community. For 2017, Year 7 has been capped at 210 (7 streams), which is the same as was planned for this year. With the transient nature of the Gold Coast community, numbers dropped back to 180 (6 streams). Understandably, I will follow Mr Laidler’s approach in aiming for a 7th stream, but will also be happy if we continue with a 6th stream. There are literally only a handful of places still available for Year 7 next year.

At Friday’s assembly, we recognised many students for their sporting, academic, public speaking and many other successes. We congratulated Caitlyn Adamson, Daisy Rowe and Kyan Stringer on receiving Gold Principal’s Awards and the winners of the first round of our “Be gold, when it’s grey” competition:

- Highly Commended: Joshua Garden, Mia Morello, Kasha Reid
- 2nd Place: Emily Cranitch
- 1st Place: Bonnie Rowe

Our “Be gold, when it’s grey” competition continues until the end of the term and I look forward to receiving many more entries over the final six weeks of this term. Thanks to our College Captains, Georgia and Harry who helped to judge the awards and presented our prizewinners with their certificates and prizes.

Last week, our Aboriginal and Torres Strait Islander students met with our BCE Indigenous team: Gracey McGrath, Stephen Chadburn and Jayde Mills. I have been passionate about Aboriginal and Torres Strait Islander education for most of my 30 years in education. I am very blessed to have overseen Abergowrie College’s Aboriginal, Torres Strait Islander and PNG dance troupes who performed for 70,000 people across Qld. I have also helped to develop and reinvigorate Aboriginal and Torres Strait Islander education departments in a number of schools and was honoured to be part of a number of BCE committees which have helped to support young Indigenous teachers to enter our system.

Our Aboriginal and Torres Strait Islander families will receive an invitation to a family BBQ at 5pm on Monday, May 30 as part of our Reconciliation Week celebrations.

Last week, we farewelled a couple of staff members. I would like to thank Jenni Osborne (part-time Teacher Librarian) and Judy Barrett (Teacher Aide) for their dedication and efforts for our St Michael’s community. We will welcome Josephine Simpson, who will join Mrs Flanagan in their shared Teacher Librarian roles in the library next month.

We are currently advertising for a Teacher Aide (Aboriginal and Torres Strait Islander education). Aboriginal and Torres Strait Islander applicants are encouraged to apply. This new role would work with all of our students, but would have a special role in working with our Aboriginal and Torres Strait Islander families. There is more information on this position at Brisbane Catholic Education’s Employment page at www.bne.catholic.edu.au.

Yours in Christ
Michael Nayler
Principal
THE DEBT WE CAN NEVER PAY OFF

One day last week I received an email from a senior student with a query about an assignment he/she was working on at 1:30AM. That morning the conversation went like this:

ME: What were you doing sending me emails at 1:30am on a school night?
STUDENT: Well I only got home from work (part-time job) just after midnight so I then started working on my assignment.

Sadly, this is not a “one off” scenario. Many senior students are working very late nights at their part-time jobs and trying to balance their school commitments with this misalignment of priorities. The one thing that misses out is sleep.

Studies show that teenagers need an average of between 9 – 9.5 hours sleep to be alert during the day. Yet many teens currently get less than 7 hours sleep per night.

“Sleep is food for the brain”

And sleep, or lack there of, is fast becoming one of the most important physical and mental health issues facing senior secondary students today. They cannot concentrate in school, experience fuzzy-headedness, irritability, and fatigue. Then they ask you for a day off school to catch up......it is a Catch 22 then they miss out on more school work and have to catch up again.

How much sleep has your teenager accumulated? As parents it is our responsibility to ensure adequate sleep potential is available; it is okay to say NO to your child when they want to work excessive part-time hours or unreasonably timed shifts.

Being A Teenager

The teenage years from 13 to 19 years, also known as adolescence, is a time of extraordinary change both physically and emotionally. Physical changes occur more rapidly than at any other time in life except the early growth spurt of infancy. Emotional changes are also unpredictable and complex at this time, leaving many teenagers (and their parents) confused and uncertain about themselves and life in general.

Adding to the confusion and uncertainty for both teenager and parent is the fact that research has now shown a teenager does not necessarily think like an adult on reaching puberty. A teenager’s brain actually works differently to that of an adult. The part of the brain controlling planning, mood and impulse control does not, in many teenagers, mature until late adolescence or even into their early twenties. It would be incorrect then to think or expect that a teenager can think like an adult because they have reached puberty.

What is known about adolescence is that your teenager will move through three distinct developmental stages or phases - early, middle and late adolescence as they grow from childhood to adulthood. These stages will mean they have to confront and achieve a number of important developmental tasks before they become a well adjusted adult. The tasks include forming and securing a positive identity, achieving independence from adults, establishing love objects outside the family, and finding a place in the world by establishing career direction and economic independence.

There is no set beginning or length of time for each of these stages of development. Some adolescence experience difficulty with a particular stage, others experience difficulty with all stages and some adolescents pass without difficulty through all stages of development.

While there is similarity in the developmental journey experienced by all teenagers it should be remembered that each teenager, as a consequence of their unique nature and life-world, experience a developmental journey different from anyone else. It is also important to remember that some teenagers will face additional challenges not common to most teenagers on the journey. Such challenges include those arising from living in a dysfunctional family, having a learning disability or learning difficulty, having a psychological disorder or having a particular cultural background.

The next bulletin will look at the developmental challenges your teenager will face during the teenage years and ways you can help them on their journey through the teenage years.

Please do not hesitate to contact the College counsellors should you require any assistance with parenting your teenager.

With best wishes
Jeff

Well done to all these students and those who are working at their best. Look out for more science stars at the end of this term!

World-changing Australian inventions & discoveries!
The Bragg Student Prize is designed to encourage and celebrate the next generation of science writers, researchers and leaders.

The UNSW Bragg Student Prize for Science Writing offers Science students the opportunity to demonstrate their skills and interest in writing, discovery and invention.

The competition runs from 26 April to 26 August. Here are some fantastic RESOURCES to help you. For more info and entry details go to:
Year 12 CHEMISTRY EXCURSION

Last Wednesday we alighted the bus exhilarated with the prospect of learning about water treatment; the year 12 chemistry class had reached Mount Crosby water treatment plant. Upon arrival we were introduced to Leonie Bryen, from SEQ Water, who was our educational officer for the duration of the tour. Without a moments hesitation Leonie instigated the tour explaining and showing us the ins and outs of the operation that provides Brisbane with the majority of its water. She explained that the water that flowed from the Somerset Dam and the surrounding water catchments comes through this plant, which cleans 250 megaliters of water per day. Leonie guided us on an inquisitive exploration of the water plant; learning about the chemistry involved in turning raw river water into clean drinking water. Now, after returning to school we are comforted with the knowledge that our drinking water is squeaky clean.

Written by Paul Deguara and Sharnae Tabone-Arnott (Yr 12)

Thanks go to Mrs Malone who accompanied the students on this tour and to Mrs King for organising it.

---

SongMakers 2016

Recently St Michael’s was one of only fifty high schools selected to participate in APRA/AMCOS SongMakers educational workshops across Australia.

This workshop provided a real life scenario of being pushed to the limit and create a song to a strict deadline, which in this case was virtually one and a half school days.

I am pleased to report that all four groups met that deadline and were able to come up with four excellent songs and also demonstrate the true meaning of diversity in song.

Our mentors were the remarkably talented Tom Busby from the duo Busby Marou, and Grant Windsor, who is an international producer and currently touring with Guy Sebastian as his keyboardist. Busby Marou’s song ‘Days Of Gold’ has also recently been selected as the theme song for the upcoming Commonwealth Games to be held on the Gold Coast in 2018.

All students that participated have been treated to an exceptionally high standard of real world industry professionals and have also gained a wealth of knowledge and experience in a short time frame.

The four songs have been integrated into school life and are currently being played as our ‘bell tunes’ between lessons.

The students that attended were:

Year 12: Tyler Harden, Isabella Pedersen, Anthony Meza, Braxton Tahi, Nathan French, Jake Burow, Alissa Ternel-Picton
Year 11: Ross Burrell, Annabelle Stevenson, Sebastian Grasso, Max Patching, Matthew Pikunic, Emma Mitchell
Year 10: David Tootell, Felicia Moore
Year 9: Giulian Grasso

The four songs are titled: ‘Get Through’ by Braxton, Anthony, Ross and Nathan. ‘I’m Gone’ by Annabelle, Alissa, Matthew and Sebastian. ‘We Can Do This’ by Jake, Tyler, David and Max. ‘On Our Way’ by Isabella, Felicia, Emma and Giulian.

Marshall Fenwick
Music Teacher
What’s going on?
Year 12 REC students are enjoying Self Defence lessons as part of our anti-violence education and the Year 11 REC students are in the final stages of their Singles Bowls Competition.
Year 9 HPE students are aware of due dates for their final submissions of their theoretical assessment and should adhere to deadlines.

Gym
Parents and students are reminded that the gym is open on a Tuesday and Thursday afternoon, 3:00pm – 4:00pm. Students are asked to bring a full change of clothes, a towel and water bottle to every gym session.

Healthy Hints
Multi-task! Enjoy books on tape, listen to the radio/music, catch up on some TV/movies, or learn another language when on a treadmill or exercise bike.

HPE Faculty Leader

Hinterland (Green) District Cross Country
This Wednesday the College will be represented by 60 students at the District Cross Country trials at Runaway Bay. The 12 - 13 Years runners will depart the school at 8:40am, whilst the older age groups will leave during Period 1.
All parents are most welcome to attend.

12 Years race: 10:55am
13 Years race: 11:15am
14 Years race: 12:15pm
15 Years race: 12:35pm
16 Years race: 12:55pm
17-18 Years race: 1:15pm

A reminder to students to collect your singlets from the Uniform shop by lunch time Tuesday.

Well Wishes
- All the very best to our Open & Year 10 Netball teams who tomorrow, Tuesday travel to Brisbane for the 2016 QLD Catholic Schools Cup. This is a great warm up carnival for our Open team as they are now only five weeks away from the Annual QISSN Carnival which takes place in Rockhampton.
- Good luck to Jack Molloy (Year 12) who will compete this week for a President’s team at the QLD School Sport Rugby League Championships here on the Gold Coast.

12 Year Old Hinterland District Trials
Softball Girls Tuesday May 31
Rugby Union Boys Tuesday May 31
Rugby League Girls Tuesday June 14

Congratulations to the following students who were last week selected in Hinterland District teams:
Caitlin Anderson – 12 Years Girls Touch
Teliah Ashby – 15 Years Girls Football
Hannah Lane – 15 Years Girls Football
Seb Robbemond – 15 Years Boys Football

AGCC – Interschool Sport
This Thursday is the first of two weeks of finals. Best of luck to all teams, especially those involved in semi final games this week. The Semester One competition concludes next week and then trials for Semester Two sport begin in June.

Tara Alexander
Sports Coordinator

Aquinas Cup - Senior AFL
Last Monday our senior AFL team competed in the Aquinas Cup. Our boys played against Assisi College first and we had a good win kicking 15 goals to their 1. Our second game we played Aquinas College and this was a much tougher battle. We ended up losing to Aquinas who went on to win the day. Our boys represented the College with great spirit, they played hard and fair and showed an integrity and character in their interactions with the opposition, the umpires and each other. It was a great day out and we look forward to next year and hopefully bringing the cup back to St Michael’s! Thanks to Mr Rick van den Driest and Mr Andrew Colbey for their work in preparing the team for the day.
The Gold Coast Kokoda Challenge is an annual endurance challenge that will take place in the Gold Coast hinterland on the 16th and 17th of July this year. School teams can choose to take part in either the 48 km Jim Stillman Cup, or the 96 km Stan Bisset Cup. The track begins in Mudgeeraba, and follows fire trails and paths to the finish line in the Nerang Velodrome.

The event is inspired by the spirit of the Australian troops from the 39th and 42nd Militia on the Kokoda Track in Papua New Guinea in 1942, during WWII. The spirit of Kokoda – Courage, Endurance, Mateship, and Sacrifice - forged by these troops, demonstrates that when we work together, look out for each other, and show commitment to a task, things that at first seem impossible, suddenly become achievable.

This year there are four brave teams accompanied by three fantastic teachers who will be participating in the Kokoda Challenge in July. The amazing staff and students are...

96 km Challenge: Stan Bisset Cup
Mr May's Men - Led by Mr Jacob May with Callum Milne, Jake Herrmann, Connor Osman and Will Leese.

Cruising – Led by Kyle Simonini with Tom Simonini, Ella Brennan, Jake Beck and David McFarlane.

48 km Challenge: Jim Stillman Cup
SMC PMZZS Kokoda 2016 - Led by Mrs Peita Laffranchi with Zak Calcott, Matt Bowen, Jonty Zarew and Sam Mahoney.

The ones at the Back - Led by Miss Chileen Radcliffe with Teagan Dennis, Melody Cartwright, Megan Rablah and Sophia Gibbons.

The four teams have been fundraising furiously to meet their fundraising contribution for the Challenge. Last Friday they took part in a Staff Car Wash fundraiser which was a great success and lots of fun! Money raised goes to The Kokoda Challenge Youth Program. If you would like to donate to a specific team then simply head to the Kokoda Challenge website and hit “donate” http://www.kokodachallengeevents.com.

I wish all the teams good luck for the event!

Hollie King

Home Economics...

As part of expanding our curriculum at St Michaels College we are hoping to run a new subject next year. St Michael's is offering Fashion as part of the Home Economics Faculty in the senior years. This will provide students with more educational opportunities to gain knowledge and skills in a variety of different areas including fashion culture, history and trends, fashion careers, fashion technologies, textile materials, technical skills, visual literacies, design process, designers, adornment, merchandising, sustainable clothing and haute couture.

If you are interested in finding out more information please come along to the Year 11 Information Evening on July 18. Alternatively if you can not attend this event, you can email myself on cjoyce@stmichaels.qld.edu.au

Carly Joyce
Home Economics Teacher

Michael Esdale
Vocational Pathways and Career Coordinator

IMPORTANT INFORMATION FOR YEAR 12 STUDENTS

2017 DIRECT ENTRY APPLICATION - TAFE QUEENSLAND

The Direct Entry Application has arrived! All Year 12 students who are interested in securing an early place in a TAFE Diploma program, commencing Semester 1, 2017 are strongly encouraged to apply. To secure an early placement into any Diploma program students will need to apply online at www.studentrego.com (CODE-TAFE6). Applications open online on 29 July 2016 and will close on 9 September 2016.

Students are also encouraged to apply for a TAFE Queensland Scholarship. For more information or to apply for a Scholarship please visit www.scholarships.tafeqld.edu.au

For further information about either of these applications please see Mrs David/Mr Esdale in Student Services.

IMPORTANT UMAT 2016 DATES

Any students in year 12 who are considering a career in medicine, dentistry or optometry need to sit a compulsory entry exam known as UMAT (Undergraduate Medicine and Health Sciences Admission Test). Registrations are open now and close 3 June 2016 with the UMAT test being held on Wednesday 27 July 2016. Please apply to universities by the published deadline. If you are in year 10 or 11 start preparing today.

MEDENTRY UMAT PREPARATION

Students interested in pursuing medicine and other health courses need to sit the UMAT on 27 July 2016. MedEntry is a government accredited program. Registered Training Organisations specialising in UMAT preparation. MedEntry offers discounts of 30% for groups, and numerous scholarships. For more information, please visit www.MedEntry.edu.au

Please note that Griffith University and Bond University no longer require students to sit the UMAT test.

BOND UNIVERSITY

Listed below are the following opportunities at Bond University;

Bond University’s Scholarship Program is now accepting applications from any Year 12 Student who excel in their, academic, community or sporting pursuits. Visit www.bond.edu.au/scholarships to find out more about the scholarships available.

Twilight Open Day will be held on Saturday, July 23 from 2.00pm – 6.00pm for any Year 12 Students who would like to start researching university options and experience Bond inside and outside of the classroom.

UNIVERSITY OF SOUTHERN QUEENSLAND EXPERIENCE DAY

USQ Springfield are inviting any students in Year 11 or 12 who are interested to explore University options after school to attend the Student Experience Day on Friday 20 May 2016. The event will take place at USQ Springfield between 8.30am-2.15pm and is free to attend. The open day requires registration from the student/parent before Thursday 12 May. Please see Mr Esdale/Mrs David in student services for further registration details.

GIRLS TRY’A TRADE 2016

Girls will have the opportunity to try out 6 trades in just one day, including Painting, Electricrotechnology, Bricklaying, Tiling, Shop Fitting and Horticulture. Girls Try’a Day will be held at Ashmore Trade Training Centre on 3 June 2016 from 9am until 2pm. Any females in Year 10, 11 or 12 who are considering a career in the trade industry are encouraged to apply with Mrs David/Mr Esdale in Student Services. Applications close on 26th May 2016.

GOLD COAST TRADES COLLEGE OPEN DAY

Gold Coast Trades College is hosting an open day for students, parents and the public on Friday 20 May 2016 from 6.30am until 5.30pm, located at 6 Hayter Street, Currumbin Waters. Trades on display include, Construction, Automotive, Electrotechnology, Landscaping & Horticulture, Business & Management, Working at Heights and Civil Construction. For further information please call the Trade College on 07 566 99 000.

WORLD EDUCATION PROGRAM – STUDENT EXCHANGE

Applications for WEP Australia’s 2016/17 student exchange programs to 25 countries commencing in November 2016 onwards, are now open! You can also host an exchange student from overseas this year, and explore the world from the comfort of your own home. For more information visit www.wep.org.au

THE STAR ENTERTAINMENT GROUP – HOSPITALITY WORK EXPERIENCE PROGRAM
Jupiters Hotel and Casino are offering students in Year 11 and 12 who are interested in a career in Culinary or Food and Beverage to apply for the Star Casino Work Experience Program, which will run over Term 2, Term 3 and Term 4, commencing April 11. The program will be five-day rotations through departments for a holistic view on what Hotels are all about. Students who attended last year are welcome to attend again in 2016. If interested please see Mrs David/Mr Esdale in Student Services.

Since the beginning of February this group of talented netballers have been on a netball quest. They have been busy training and fundraising for a number of big carnivals this year. The girls have been competing in our interschool carnival and so far have been convincing in their results. Next week we will travel to Brisbane to compete in the Qld Catholic Netball Carnival. The first week of the June/July holidays they will travel to Rockhampton for a week of intense games in the Qld Independent Schools Netball carnival, and during term three they will play in the State Vicki Wilson competition.

We are very fortunate at St Michael’s to have such a talented group of players. Many play outside of school for Premier League teams. The girls bond well together, always attend training and should be congratulated on their cohesive teamwork, commitment and sportsmanship behaviour.

They are all wonderful ambassadors representing the St Michael’s community.

Year 12: Georgia Boevink (Captain), Victoria Boyd (Vice), Isabella Smith (Vice), Bernie Laing, Bridget Hoy, Chloe Lynch
Year 11: Sarah Sakamoto, Olivia Kerr, Bronte Maund, Emma Bond, Sophie Rule
Year 10: Tia Jupp
Year 9: Nikiah Campbell

Mrs Letitia
Mrs Therese Vayonitis
